

# **KAdermin** **PROMOTES** **cream** **THE** **SCX TECHNOLOGY** **WOUND** **HEALING**

## **INDICATIONS:**

The medical device **KAdermin Cream** is recommended for the treatment of minor wounds, cuts, minor burns and abrasions (e.g. scratches).

**KAdermin Cream** creates an effective protective barrier, as adjuvant for the natural tissue regeneration process by:

- helping to restore the normal physiological conditions, useful to spontaneous skin regeneration
- creating an environment protected from microbial attacks

The hyaluronic acid promotes tissue hydration, while dimethicone has a high-film-forming-protective power. The SCX complex, which consists of silicon dioxide functionalized with silver ions and chlorhexidine, ensures defense against external microbial agents, due to its anti-microbial properties.

## **INSTRUCTIONS FOR USE:**

1. Clean and dry the affected area well, prior to the products' application.
2. Apply the necessary amount of cream to treat the specific skin area.
3. After application, do not massage. Let the cream dry naturally in order to form a continuous protective film.
4. Apply the product one to two (1-2) times per day.

## **WARNINGS:**

- For external topical use only. Do not swallow.
- Avoid eye contact. In case of eye contact, rinse immediately with plenty of water.
- Do not use in children under 3 years of age.
- Do not use if the package is opened or damaged.
- Do not sterilize.
- Close the package carefully upon use.
- Do not use after the expiry date, stated on the label.
- Discontinue the products' use in case of any abnormal skin reactions.

## **CONTRAINDICATIONS:**

Do not use the product in case of hypersensitivity to the any of its components. No cases of overdose

phenomena or interactions with drugs or medicinal substances are known.

## **INGREDIENTS:**

Water, Cetylstearyl ethylhexanoate, Isopropyl myristate, Steareth-2, Steareth-21, Cetearyl alcohol, Glycerin, Panthenol, Sweet almond oil, Butyrospermum parkii, SCX (Silicon Dioxide functionalized with Silver Ions and Chlorexidine), Dimethicone, Aloe barbadensis leaf juice, Olea europaea fruit oil, L-lysine, L-proline, L-leucine, Glycine, Hydrogenated phosphatidylcholine, Pentylene glycol, Squalane, Ceramide NP, Sodium jaluronate 0,2%

## **PACKAGING:**

Tube containing 15ml cream

**CE0546**
